[See System Requirements](#)

OR

1. Open source **online platform**: <https://www.tinkercad.com/> Login

AUTODESK®
TINKERCAD®

Tinkercad is a free, online 3D modeling program that runs in a web browser, known for its simplicity and ease of use. Since it became available in 2011 it has become a popular platform for creating models for 3D printing as well as an entry-level introduction to constructive solid geometry in schools.

- ✓ **Once you are ready**
- ✓ Send an email to info@thelittleengineer.com requesting the following two blocks to be used to enter the challenge, Please mention which platform you are using (3D Builder or tinkercad)

- ✓ We will send you back an email with **2 two blocks**, the only two objects that you should use complete the challenge , you can color them for sure or you can change the size follows

- ✓ TLE Activity 005 is to design with the two blocks a 2D face of a girl or a boy with Green eyes, Brown hair with a nice smile

- ✓ Once you are done make a screen shot of your design and fill the attached form
- ✓ Save the file as follows 2020 Act005-RoyHamadeh-9Y and send it to info@thelittleengineer.com
- ✓ We will upload the design on our social media with your name on it and we let the people vote for the best design
- ✓ The design with the highest score will be recognized on our Website
- ✓ Activities will be harder from week to week
